

Remarks

Currently pending are claims 14-28.

Objections

The Examiner objected to the declaration filed January 10, 2006 for not being executed in accordance with 37 CFR 1.66 or 1.68. Applicant submits herewith a copy of the executed declaration and respectfully requests the objection be withdrawn.

Restriction Requirement

Claims 14-28 are subject to a restriction requirement under 35 U.S.C. §§ 121 and 372. Applicant hereby elects, with traverse, for continued prosecution Group I, Claims 14-21 and 27 drawn to a method of building and covering an assembly of substrates.

Applicant elects with traverse because simultaneous examination of the inventions does not impose an undue burden of examination on the Examiner.

If the restriction requirement is made final, Applicant reserves the right to continue prosecution of non-elected inventions in one or more continuing applications.

Respectfully Submitted,

Robert Holthus
